Fire of Feeling

The carrion of men's justice

The tasteful crows of the easily harmed mind

The fist-like musk of mothers of affection

The twig-like blades of the thirsty abandoners of doubt

The blind discoverers of lost causes

The priests of the logic of cosmetic men

The mystics, their mysticism wrapped in grass and famous

The sorrowful instruments that have not yet surrendered

The spineless, foolish gypsies, the old-timers who belittled their bedfellows

The smoke-bringing cries from every door

The fire of a human's feeling for a human

The hatred of the stigma of a human named with purity

The beautiful traitors who have not seen God

.This is the very poetry of the consciousness of the discoverer of death
